Machine Specifications

- **Style**
  Indexing Carousel

- **Length**
  8 Bays

- **Line Speed**
  1 assembly per cycle
  50 cycles per minute

- **Production**
  3,000 parts per hour

Key Features

- Die cutting of IDC inserts fed from reel
- Automatic labeling with optical verification
- Ultrasonic welding with automatic monitoring
- Comprehensive electrical testing
- Multiple terminal and contact insertion stations
- Vision inspection and laser marking

Industry

- Electrical/Electronic
